

## The NWTf Jakes Program....

Jakes stands for Juniors Acquiring Knowledge, Ethics and Sportsmanship. It is the NWTf's outreach program for children 17 and younger and is dedicated to informing, educating and involving North America's youth in wildlife conservation and the wise stewardship of our natural resources. Local chapters throughout the nation conduct outdoor learning events featuring hands-on activities. The National Wild Turkey Federation's goal is to teach the importance of responsible wildlife management, increase participation in outdoor-related opportunities and to preserve the hunting tradition. The Jakes program will meet its goal by introducing more children to outdoor activities, and providing opportunities for children and families to enjoy the outdoors together.
